CAREER PROFILE SUMMARY

I am a detail-oriented and resourceful Information Technology professional with a strong passion for the field. My areas of expertise encompass a wide range of skills including, Cloud Computing, programming in Python,C, C++, PHP and JavaScript, software and hardware management, network system maintenance, user support, system installations and configurations, computer repair, maintenance, and services, as well as Database Management and Linux Server Management.

I am committed to staying at the forefront of industry developments, constantly seeking to expand my knowledge and skills. I am equally comfortable working independently or as part of a collaborative team. My career aspirations drive me to seek opportunities that will not only utilize my existing skills but also allow me to further advance and excel in my IT career.
